

# Paperless Technology for a Greener Workplace

It's easy being green with Ringo.  
Our paperless technology has made a significant difference to the environment.  
*According to Conservatree.com, 24 trees equal 1 ton of paper.*  
Consider **RINGO's** impact...

**RINGO**  
processed  
more than  
138,000 online  
timesheets  
in 2010.

Since its inception  
in 2001, **RINGO** has  
processed nearly 1.8  
million timesheets and  
over 31,000 invoices –  
eliminating more than  
9 tons of paper.

In **RINGO'S** 10  
year history, more  
than 235 trees  
were saved  
because of  
**RINGO**  
technology.

*It is estimated that 95% of business information  
is still stored on paper.*

*[Source: International Institute for Environment and Development]*

*115 billion sheets of paper are used annually for PCs.*

*[Source: Worldwatch Institute].*

*The average daily web user prints 28 pages daily.*

*[Source: Gartner group and HP]*

*We developed a technology that launched an industry.*

There are countless other ways **RINGO** reduces the need for printing, copying and faxing. **RINGO** eliminates the need for paper for job requisitions, approvals, resume submissions, reporting & more.
